Sawasdee Ka (Hello) everybody,

I am a Senior Environmental Officer of the Department of Environmental Quality Promotion, Ministry of Natural Resources and Environment in Thailand. For 15 years in the National Environmental Education Centre, I developed and promoted Thai environmental training. In addition, my colleagues and I encouraged public participation in formulating plans and measures to promote the protection of the resources and environment of Thailand.

It has been a joy to research ‘Sustainable and Liveable Cities’ with my supervisor ‘Peter Booth’. The David Livingstone Centre for Sustainability, where, supported by a Royal Thai Government Scholarship, I completed my PhD, has become my second home. I shall always be grateful to the lecturers and my many international friends who surrounded me and gave me the confidence to hone my academic and research skills and …I love you all.

“It has been a joy …”
