

The 20th West of Scotland Meeting for Teachers of Chemistry, chaired by **Dr Patrick Thomson** and hosted at the **University of Strathclyde** provides professional updates with direct relevance to the chemistry curriculum and explores current research areas to ensure teachers are kept up-to-date.

The audience is divided into two groups. One group will join **Dr Alastair Wark** and colleagues for a practical hands on session in the laboratory. The group remaining in the lecture theatre will hear professional updates with direct relevance to the chemistry curriculum including:

“Using microscale experiments to teach experimental work: case study with titration” with **Mr Rory Nosworthy, Holyport College**
“Chemistry Outreach at Strathclyde: Past, Present and Future” with **Prof Debra Willison, Strathclyde University**.

Following lunch, the groups will swap around and the parallel sessions above will be repeated.

This year we are fortunate to host **Prof. Sir John Holman, University of York**, immediate past president of the Royal Society of Chemistry and the first school teacher to hold the office. He will deliver a closing plenary titled “A reflection on trends and changes of the last few decades”

20TH ANNUAL

**WEST OF SCOTLAND MEETING
FOR TEACHERS OF CHEMISTRY
WED. 15TH JANUARY 2020**

UNIVERSITY OF STRATHCLYDE

**Mr Rory Nosworthy, Holyport College,
“Using microscale experiments to teach experimental
work: case study with titration”**

**Prof Debra Willison, Strathclyde University “Chemistry
Outreach at Strathclyde: Past, Present and Future”**

**Prof. Sir John Holman, University of York
“A reflection on trends and changes of the last few
decades”**

Into the Lab: More Advanced Higher

programme

Wednesday 15th January 2020

09.00—10.00 Registration and Refreshments

Chair: **Dr Patrick Thomson**

MORNING SESSION

GROUP 1

Professional updates including:

“Using microscale experiments to teach experimental work: case study with titration”

“Chemistry Outreach at Strathclyde: Past, Present and Future”

GROUP 2

Into The Lab: Advanced Higher Practical investigations

Lunch

AFTERNOON SESSION

GROUP 1

Into The Lab: Advanced Higher Practical investigations

GROUP 2

Professional updates including:

“Using microscale experiments to teach experimental work: case study with titration”

“Chemistry Outreach at Strathclyde: Past, Present and Future”

Break and Refreshments

PLENARY SESSION

Prof. Sir John Holman, University of York

”A reflection on trends and changes of the last few decades”

15.30 Close

The venue for this meeting is the Department of Pure and Applied Chemistry in the Thomas Graham Building at the University of Strathclyde. The map overleaf shows its location. Registration will be in the foyer of this building.

Disabled access is through the east entrance on Cathedral Street (to the left of the main entrance). There is no parking available directly adjacent to the Department therefore public transport is recommended. Queen Street railway station and Buchanan Street bus station are a four minute walk from the venue.

There are a number of public car parks in the area; the two closest are the NCP on Montrose Street and the car park at the Buchanan Galleries shopping mall.

The fee of £20 includes lunch, morning and afternoon refreshments. Photocopies of the registration form will be accepted. More Info: <https://www.strath.ac.uk/science/chemistry/teachers/woschem/>

The organisers of the 20th West of Scotland Meeting for Teachers of Chemistry thank the following organisations for their support:

registration form

PRO-FORMA INVOICE

NAME _____

SCHOOL/INSTITUTION _____

ADDRESS _____

POSTCODE _____

DAYTIME TELEPHONE NUMBER _____

EMAIL ADDRESS _____

PLEASE NOTE ANY PREFERENCE FOR GROUP 1 OR 2 _____

ANY SPECIAL NEEDS / WALKING DIFFICULTY / DIETARY REQUIREMENTS _____

Method of Payment

£20 FEE ENCLOSED

RECEIPT REQUIRED

Payment by card is available at registered portal on the Strathclyde online shop: <https://tinyurl.com/woschem20shop>

Please contact us about BACS payment if required.

Completed forms accompanied by fee or PO number should be returned by Friday 6 December 2019 to:
