# Conferencing & Events Menu Selector

**High-quality food & beverage and friendly service are central to creating an exceptional experience for all.**

At Strathclyde, we believe that our food choices shape both our health and the health of our planet. We are committed to providing healthier, more sustainable food by sourcing, procuring, serving, and disposing of our food and beverages in ways that are environmentally, socially, and economically responsible.

Our menus embrace a plant-forward approach focusing on, though not limited to, plant-based foods. We are committed to buying fresh, seasonal, local and global food to minimise our environmental footprint whilst offering a variety of options that are both nutritious and delicious.

Through innovative menu design, we emphasise whole, minimally processed ingredients, crafting well-balanced, flavourful dishes that reflect our commitment to responsible dining.

# Conferencing & Events Menu Selector

- All prices are per person and exclude VAT at the current rate, unless otherwise indicated.
- Individual menu items will vary according to season, but prices remain valid throughout the year, from 1 January – 31 December 2025.
- Should supply chains mean that we are unable to source specific items of food and beverage, we will offer appropriate alternatives. Where possible, your Event Manager will communicate this to you in advance of your event.
- You'll find vegetarian (v), vegan (vg) and gluten-free (gf) options.
- Our chicken is suitable for Halal diets.
- We would like to make you aware that we cannot eliminate or guarantee that cross contamination of food items will not happen, from within our kitchens or on food service stations. Whilst we make every effort to limit contamination, to accommodate dietary requirements and food intolerances across our menu portfolio, our food may have come into contact with other food items and the 14 recognised allergens, further information here: <https://www.foodstandards.gov.scot/consumers/food-safety/food-allergies/allergens>
- Our Wellbeing Portals display an allergen profile for each menu item, with additional dietary information such as nutrition, ingredients and calories to help customers make safe and informed choices: <http://strath-events.mysaffronportal.com/>
- Unfortunately, we are unable to provide alternatives requested on the day of the event due to ingredient availability. We kindly request that all allergen and dietary requests are made on the confirmation of final booking requirements.
