Audio-Visual FAQs

- The **aspect ratio** is 16:10 throughout.
- **Screen resolution** is 1920 x 1200.
- All conference spaces have a **fixed lectern** at the front of the room which contains the user interface for audio-visual infrastructure.
- A **laptop** is required to run presentations in all Conference Rooms and in the Executive Suite – this can be supplied by the presenter, or by the University at an additional charge.
- We hold a small stock of **VGA, HDMI and Mac adaptors**, but recommend that presenters bring their own adaptors if required.
- **Resident PCs** in the Auditoria run on Windows 10 64-bit, with the following software installed:
 - Acrobat Reader
 - 7-zip
 - McAfee Antivirus
 - MS Office Professional Plus 2016
 - VLC media player
 - Web Browsers: Firefox, Internet Explorer, Edge
- ✓ Users have **Admin rights** and can install software as required, so long as it is properly licensed.
- ✓ Any **files** left on resident PCs or University laptop will be stored for one calendar month following the event before being deleted, unless the client requests that this information is deleted immediately.
- **Opening/closing the partition** separating Auditorium A from Auditorium B/C takes approx. one hour, and is subject to an additional charge.
- **Raising/lowering the Skyfold partition** between Auditoria B and C take approx. 30 minutes (no extra charge).
