## Audio-Visual FAQs

- The **aspect ratio** is 16:10 throughout.
- **Screen resolution** is 1920 x 1200.
- All conference spaces have a **fixed lectern** at the front of the room which contains the user interface for audio-visual infrastructure.
- **Resident PCs** in the Auditoria and Conference Rooms run on Windows 10 Enterprise 64-bit.
  - ✓ All PCs have a fixed ethernet connection.
  - ✓ Any **files** left on resident PCs or University laptop will be wiped at midnight on the day of the event. No files are saved or stored.
  - ✓ If you're supplying your own laptop, our AMX audio-visual interface supports a **maximum refresh rate of 60 Hz**.
- **Client laptops** can be used to run presentations in all spaces, however access to video conferencing in Room 6&7 and Executive Suite is controlled via in room PC. We hold a small stock of **VGA, HDMI USBc and Mac adaptors**, but recommend that presenters bring their own adaptors if required.
- **Opening/closing the partition** separating Auditorium A from Auditorium B/C takes approx. one hour and is subject to an additional charge of £120 plus VAT.
- **Raising/lowering the Skyfold partition** between Auditoria B and C takes approx. 30 minutes (no additional charge).
