

PhD in Applied Economics

The Department of Economics at the University of Strathclyde has an outstanding reputation for applied policy relevant research.

At Strathclyde, our aim is to support our PhD students to reach 'beyond academia' with their research, through joint collaboration and engagement with policymakers and industry.

“Our students not only benefit from an outstanding PhD experience, but as home to the Fraser of Allander Institute, they also have an opportunity to become part of a department with strong links to the world of policy and business”

Prof Julia Darby, Director of Postgraduate Research

AREAS OF EXPERTISE

- Applied microeconomics
- Applied macroeconomics
- Applied econometrics
- Energy & the environment
- Economic policy

“We are delighted to be working with two PhD students from the Department of Economics at Strathclyde, with the aim of finding solutions to end poverty in our society”

Emma Congreve, Senior Economist,
Joseph Rowntree Foundation

The University of Strathclyde is a charitable body, registered in Scotland, with registration number SC015263
