IWSCFF 2019 Application for Student Travel Grants (STG)

Application deadline: 30 April 2019
Notifications emails: starting 05 May 2019
Early bird deadline for registration extended (only for STG applicants): 19 May 2019

Award Information
The travel grant is for a maximum amount of £500, to be paid to the awardees after the conference. Notifications will be sent by email starting 05 May 2019. Potential awardees have up to 1 week to confirm acceptance otherwise the award will be retracted and given to the next runner-up.

Eligibility
1. The applicant must be registered in an accredited university-level degree programme (e.g., Bachelor, Masters, PhD)
2. The applicant must be a co-author on at least one accepted paper to the IWSCFF 2019
3. The applicant must be a registered attendee and present at least one paper at the IWSCFF 2019 (this will be checked after the conference)

Application Procedure
Please provide:

1. A completed application form
2. Your curriculum vitae
3. A letter of reference from your supervisor

The deadline is 30 April 2019.
Completed applications should be emailed, as pdf attachments, to iwscff-conf@strath.ac.uk.

A confirmation of receipt will be issued, if you do not receive any notification within a few days, please email the organising committee. Please note this confirmation does not validate that your application is complete, it simply acknowledges that we received your email.

For any questions or problems, please email the conference organising team at iwscff-conf@strath.ac.uk, or check the website https://www.strath.ac.uk/engineering/iwscff.
Part 1: Personal information

Surname(s): 
First name(s): 
Institution: 
Degree title: 
Country of residence: 
Email: 
Accepted paper ID(s): 
Accepted paper title(s): 

Have you applied for any other travel grants in relation to this conference? If yes, which schemes and for how much?

Amount applied for under this award (max £500):

Part 2: Motivation Letter

Please provide an essay, maximum 1000 words. The essay should concisely answer the following questions:

a) What was your personal contribution to the paper(s), in particular to the research methods, and results in the paper?
b) How would attending and presenting at this specific conference benefit you (e.g., personally, professionally)?
c) How would the conference and attendees benefit from you attending and presenting?
d) What are your future research/career plans, over the coming 1-2 years, for your research, and how does this paper(s)/conference fit into it?

Part 3: Curriculum Vitae

Please attach a pdf of your current CV, focusing on research achievements, grades in relevant courses/ranking, academic awards, publications (if any). The CV should be tailored for a technical/scientific position.

Part 4: Letter of Support

Please include a letter of support from your supervisor indicating your abilities as a researcher, and your contribution to the conference paper(s).
