

# RI@S 2022 - Student submission

Thank you for applying to the RI@S programme. Our goal is to provide undergraduates with direct experience of real research environments. By undertaking a funded internship over the summer of 2022, you will get the opportunity to carry out an independent, self-contained programme of enquiry in a live research area.

This section of the Application form is for **Students only**. You should have received this because your potential Supervisor has completed their part of the application.

For this application form, please consult with the 'How to Apply' tab, on the RI@S webpage. If you have any problems, please contact [researchinterns-admin@strath.ac.uk](mailto:researchinterns-admin@strath.ac.uk) (<mailto:researchinterns-admin@strath.ac.uk>), who will be able to assist.

**Please note that you will not be able save this application once it has been started. We recommend that you prepare your answers using the PDF found here:** <https://www.strath.ac.uk/studywithus/scholarships/researchinternsstrathclyde/> (<https://www.strath.ac.uk/studywithus/scholarships/researchinternsstrathclyde/>).

\* This form will record your name, please fill your name.

## Student Information

1. Student Registration Number

2. Year of Study

### 3. Expected Graduation Year

## Project Information

### 4. Project Title

### 5. Supervisor Email Address

## Questions

6. Please outline your motivations for applying for the RI@S internship, including how you see this contributing to your academic development and future career aspirations. (Max 250 words)

7. What is it that interests you about this particular research topic or area? (Max 250 words)

8. Please describe a time when you built up a good working relationship to achieve a result. What did you do to build this relationship? How do you know it was a success? (Max 500 words)

9. Describe a time, perhaps linked to a challenging task or assignment, when things were difficult and you were working under pressure. Why was it challenging? What did you do? What was the result? (Max 500 words)

10. Please describe how you propose to undertake the research for your chosen project? (Max 500 words)

11. (Optional) Please describe how your project aligns with the UN Sustainable Development Goals (Max 250 words)

## Final Questions

12. If you are applying or have applied for another summer internship, please indicate below which one(s). Please also indicate if you applied for RI@S last year (this will not influence your chances).

Note: if you are awarded a Carnegie scholarship you should accept this offer. All Carnegie, EPSRC & Cross Trust award holders are also invited to attend the undergraduate research development programme.

13. Please confirm that you will fully participate in the Research Interns @ Strathclyde development programme.

Note: it is compulsory for RI@S interns to attend the undergraduate research development programme. Attendance at development days is compulsory. Non-attendance may impact on you receiving all of your internship funds. Non-attendance will only be permitted in exceptional circumstances and must be approved in advance.

I confirm that I will fully participate in the RI@S development programme
