

# **FACULTY OF ENGINEERING**

## **DEPARTMENT OF ELECTRONIC AND ELECTRICAL ENGINEERING**

### **APPLIED PHOTONICS**

**Doctor of Engineering in Applied Photonics**

**Doctor of Philosophy in Applied Photonics**

1. This programme is offered jointly by the University of Strathclyde, the University of Glasgow, Heriot-Watt University, University of Huddersfield, University of Edinburgh, University of Dundee, National Physical Laboratory and University of St Andrews. The awards are made in the name of one of these seven Universities. The Regulations are drawn up consequent upon a Memorandum of Agreement for joint delivery of the degree which has been approved by Senate.
2. The taught component of the programmes may be delivered at university campuses or at independent work sites, but all modules are taught by staff from the seven universities. Students shall be subject to the Programme Regulations that have been adopted by all seven Universities and to any other General Regulations, etc., of the University at which they are registered.
3. For the current academic year, the administering university is Heriot-Watt University and full details of Programme Regulations applicable are shown in that University's Calendar.
