

FACULTY OF SCIENCE

STRATHCLYDE INSTITUTE OF PHARMACY AND BIOMEDICAL SCIENCES

PHARMACY

Master of Pharmacy in Pharmacy (with Honours)
Bachelor of Science with Honours in Pharmaceutical Sciences
Bachelor of Science in Pharmaceutical Sciences
Diploma of Higher Education in Pharmaceutical Sciences

These regulations are to be read in conjunction with [General Academic Regulations – Undergraduate, Integrated Master and Professional Graduate Degree Programme Level.](#)

The programme is offered jointly between the University of Strathclyde and Middle East University and the joint award certificate will contain the crest of both universities.

Students shall be subject to the programme regulations that have been adopted by both Universities and to any other General Regulations, etc. of the University at which the student is studying.

The University of Strathclyde will be the administering institution and will chair a Joint Programme Management Committee made up of the programme directors from both partner institutions and head the board of examiners. The administering institution will be responsible for the production of an annual report to allow monitoring of academic quality and standards by all the partner institutions.

Admission

1. Candidates will undertake a Level 1 foundation year at Middle East University, upon successful completion of which, they will be admitted to the MPharm Second Year and will be awarded 120 personal credits for prior learning.

Status of Degree

2. The programme is offered at Integrated Masters level. Transfer to the BSc in Pharmaceutical Sciences may be possible at any time subject to satisfying the appropriate progress regulations. The Joint MPharm degree is normally completed in 4 years (years 2-5)

Place of Study

3. Years 2 and 3 will be taught by staff at the Middle East University with support of Strathclyde staff. Years 4 and 5 will be taught at the University of Strathclyde. The programme includes time spent in experiential learning sites at both locations including hospitals and community pharmacies. During their time at Strathclyde, students shall require a valid Protecting Vulnerable Groups Certificate from Disclosure Scotland.

Mode of Study

4. The programme is normally available by full-time study only.

Curriculum

5. All students shall undertake an approved curriculum as follows:

Second Year

All students shall undertake modules delivered at Middle East University amounting to 120 credits as follows:

Compulsory Modules

Module Code	Module Title	Level	Credits
MJ221	Normal Function of the Gastrointestinal Tract	2	20
MJ222	Normal Function of the Cardiovascular and Respiratory Systems	2	20
MJ223	Normal Function of the Central Nervous and Endocrine Systems	2	20
MJ224	Normal Function of the Renal and Hepatic Systems	2	20
MJ220	Being a Pharmacist 1	2	40

Third Year

All students shall undertake modules delivered at Middle East University amounting to 120 credits as follows:

Compulsory Modules

Module Code	Module Title	Level	Credits
MJ321	Management of Infection and Infectious Diseases	3	20
MJ322	Management of Gastrointestinal and Endocrine Conditions	3	20
MJ323	Management of Cardiovascular Conditions	3	20
MJ324	Management of Respiratory and Inflammatory Conditions	3	20
MJ320	Being a Pharmacist 2	3	40

Fourth Year

All students shall undertake modules delivered at the University of Strathclyde amounting to 120 credits as follows:

Compulsory Modules

Module Code	Module Title	Level	Credits
MP421	Management of Malignancy and Inflammatory Conditions	4	20
MP422	Management of Central Nervous Systems Conditions	4	20
MP428	Management of Inflammatory Conditions	4	20
MP429	New Medicines; Better Medicines; Better Use of Medicines	4	20
MP420	Being a Pharmacist 3	4	40

Fifth Year

All students shall undertake modules delivered at the University of Strathclyde amounting to 120 credits as follows:

Compulsory Modules

Module Code	Module Title	Level	Credits
MP507	Research Project	5	40
MP520	Being a Pharmacist 4	5	40
MP513	Advanced Clinical Practice	5	40

Final Classification

6. The final classification for the degree of MPharm will normally be based on the first assessed attempt at modules at Levels four and five.

Award

7. **MPharm with Honours:** In order to qualify for the award of the degree of MPharm in Pharmacy (with Honours) [General Academic Regulations – Undergraduate, Integrated Master and Professional Graduate Degree Programme Level shall apply.](#)
8. **Bachelor of Science with Honours in Pharmaceutical Sciences:** A student who fails to satisfy the award requirements for the degree of MPharm in Pharmacy (with Honours) may be awarded the degree of BSc Honours in Pharmaceutical Sciences, see [General Academic Regulations – Undergraduate, Integrated Master and Professional Graduate Degree Programme Level.](#)
9. **Bachelor of Science in Pharmaceutical Sciences:** A student who fails to satisfy the award requirements for the degree of BSc with Honours in Pharmaceutical Sciences may be awarded the degree of BSc in Pharmaceutical Sciences, see [General Academic Regulations – Undergraduate, Integrated Master and Professional Graduate Degree Programme Level.](#)
10. **Diploma of Higher Education in Pharmaceutical Sciences:** See [General Academic Regulations – Undergraduate, Integrated Master and Professional Graduate Degree Programme Level.](#)
