UNDERGRADUATE STUDY

FEEES GUIDE

2025-2026 ENTRY

This guide provides you with information on the University's fees for undergraduate study in 2025-26.

DISCLAIMER

Fees for students domiciled in Scotland are subject to confirmation by the Scottish Funding Council.

All fees are in £ sterling and are payable for each year of study.

ANNUAL REVISION OF FEES

Students on programmes of study of more than one year (or studying standalone modules) should be aware that the majority of fees will increase annually.

The University will take a range of factors into account, including, but not limited to, UK inflation, changes in delivery costs and changes in Scottish and/or UK Government funding.

Changes in fees will be published on the University website in October each year for the following year of study and any annual increase will be capped at a maximum of 10% per year. This change will apply to fees from 2026/27, which will not increase by more than 10% from the previous year for continuing students.
