UNDERGRADUATE STUDY

FEEES GUIDE

2027-2028 ENTRY

This guide provides you with information on the University's fees for undergraduate study in 2027-28.

DISCLAIMER

Fees for students domiciled in Scotland are subject to confirmation by the Scottish Funding Council.

All fees are in £ sterling and may be subject to revision.

ANNUAL REVISION OF FEES

Students on programmes of study of more than one year (or studying standalone modules) should be aware that the majority of fees will increase annually. The University will take a range of factors into

account, including, but not limited to, UK inflation, changes in delivery costs and changes in Scottish and/or UK Government funding. Changes in fees will be published on the University website in October each year for the following year of study. Any annual increase will not exceed 10%, and in practice this may be lower (e.g. a 6% increase was applied in 2027/28 academic year).
