**POSTGRADUATE STUDY**

# **FEEES GUIDE**

**2025-2026 ENTRY**

This guide provides you with information on the University's fees for postgraduate study in 2025-26.

## **DISCLAIMER**

This document may be subject to updates to maintain accuracy. Tuition fees will be notified in your offer letter.

All fees are in £ sterling, unless otherwise stated, and may be subject to revision.

## **ANNUAL REVISION OF FEES**

Students on programmes of study of more than one year (or studying standalone modules) should be aware that the majority of fees will increase annually.

The University will take a range of factors into account, including, but not limited to, UK inflation, changes in delivery costs and changes in Scottish and/or UK Government funding.

Changes in fees will be published on the University website in October each year for the following year of study and any annual increase will be capped at a maximum of 10% per year.

Many of the University's postgraduate programmes are subject to a standard fee. However, this is not always the case and exceptions to the standard postgraduate programme fees are included below by Faculty, along with part-time, modular and flexible learning fees.
