## REFURBISHMENT

### Carnegie Room Floor

In the space of only 5 days at the start of April, the Carnegie Room floor was completely sanded and stripped back to the original wood and treated with four coats of finish to bring it back to its natural

## Cheers

We are delighted to announce that we've added two new spirits behind the bar, the very popular Gordon's Pink Gin and the four times distilled Tanqueray No Ten, alongside the existing Gordon's and Bombay Sapphire options

...and if that's not enough, not only is there the Britvic tonic but we've added Fever Tree tonic to complement any of these.

Of course, if gin's not your thing, don't forget our extensive choice of whisky and other spirits and drinks available.

## GOLF

### Starter's Hut

A new starter's hut was purchased for the golf course and installed over the winter for the 2019 season ahead. The hut is equipped with an air compressor for cleaning trolleys etc.

## CYCLING

### Drying Cabinet

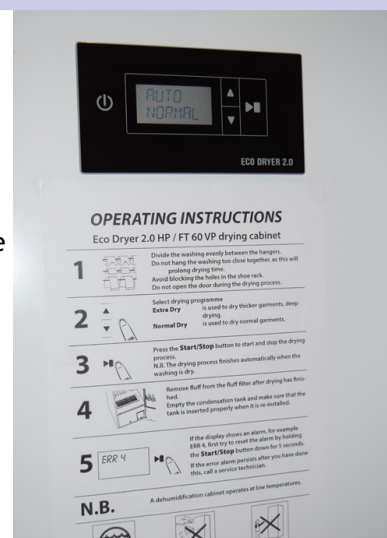

In recent weeks we had an Eco Dryer (drying cabinet) installed at Ross Priory to make Ross Priory more 'cycle friendly' by providing cyclists and runners with a place to dry their wet clothing after their journey/commute.

This purchase was made possible by Cycling Scotland's Cycle Friendly Employer Development Fund. We hope that many people at Ross Priory will be able to make use of this new facility.

A couple of years ago, we also installed cycle racks in the courtyard and fenced area behind the courtyard. Secure overnight storage is available to residents – please enquire for further details.

More information on cycle routes and facilities can be found at:

[Cycling at Ross Priory](#) on our web pages

## GROUNDS AND GARDENS

After such a dry summer in 2018, our Head Gardener, Tony and his team have the grounds and gardens looking spot on for the year ahead. The golf course is in really good shape with very positive feedback from the golfers already and we can't wait to see everything in the gardens burst into bloom over the coming months.
