NATURE TRAIL

## SPOT THE SMILE?

Did you recognise a face on the front? Spot the two eyes using the National Trust for Scotland logo, “Greenbank Garden” forming the eyebrows above with a nose and smile below?

This trail will help you find naturally occurring faces and other familiar shapes inside the beautiful walled gardens of Greenbank House.

These phenomenon of naturally occurring faces is called ‘pareidolia’ and there are lots to find here in Greenbank Garden, so step in and have a try!
