

Incoming Research/Projects

Thank you for thinking of Strathclyde to volunteer your time with one of our departments.

The steps you should follow in the hope of securing a suitable opportunity:

Find a supervisor in your preferred research group

Send them a request by email including your CV (curriculum vitae), ToR (transcript of records) and LoM (letter of motivation)

Await a response form Strathclyde (this may take a number of weeks depending on the time of year)

If you receive a positive response then you need to have a letter signed by your home University and your Strathclyde supervisor, a blank template is available within useful links on this web page

Then send us an e-mail along with your signed letter to incoming.exchanges@strath.ac.uk
