

# Incoming Research/Projects

Here you will find a guide through the exchange process for opportunities with us at the University of Strathclyde.

## 1 Find a research area

Find a supervisor within your chosen field of research in a department.

## 3 Outcome

You will receive a response if they are able to offer a research position.

## 5 Exchange team

Please e-mail [incoming.exchanges@strath.ac.uk](mailto:incoming.exchanges@strath.ac.uk) to let us know that you are ready to submit an application

## 7 Acceptance

The admissions team will be in contact with an offer of research

## 2 Send e-mail

Reach out to a preferred supervisor by e-mail. Please include your CV and a letter of motivation.

## 4 Apply

Only after you have received a positive response then you can apply.

## 6 Letter

You need letter signed by your chosen supervisor and your home University. This will need to be uploaded to your application - we can send you a template.

## 8 Journey begins

You are all set, pack your bags for Scotland!

### Please note

- All of our opportunities are normally not longer than 6 months
- You are giving up your time as these are non paid opportunities
