

WiFi Guest

The **WiFi Guest** service is available throughout the University of Strathclyde allowing guests and visitors reliable, fast and free access to the internet on Campus. This service is provided by BskyB via JANET.

If you already have an account with The Cloud

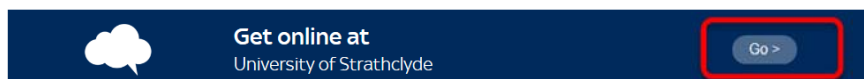

University staff and students, and academic visitors from other institutions, should continue to use “eduroam”, which is the University’s primary wireless service.

To use the guest wireless service from your device please take the steps as shown below.

1. Select **WiFi Guest** from your list of available wireless networks

2. Launch your preferred browser and select **Go**
